

DEPARTMENT OF CIVIL ENGINEERING

Vision of the Department:

To be a fountainhead of innovation, sustainable solutions, and professional excellence in Civil Engineering.

Mission of the Department:

1. To offer quality Civil Engineering programs through effective teaching–learning processes, state-of-the-art technology, and strong ethical values.
2. To inculcate entrepreneurial skills, professional competence, and leadership qualities among graduating civil engineering students.
3. To evolve as a centre of excellence in Civil Engineering education through innovation, research, industry interaction, and societal engagement.
